

MUHAMMED NAZIL AWWAL

Kaduna, Nigeria | +234 706 317 3312 | muhammednazila@gmail.com

PROFESSIONAL SUMMARY

A versatile Computer Science graduate with hands-on experience in UI/UX design, network security, and IT support. Strong analytical and problem-solving skills with a proven ability to learn quickly and adapt to new tools and technologies on the job. Eager to contribute meaningfully to any technical team while continuously growing professionally.

WORK EXPERIENCE

Corp Member – ICT Teacher

June 2025 – May 2026

National Youth Service Corps (NYSC) | Government Day Secondary School, Badarawa, Kaduna

- Delivered Computer Science and ICT instruction to secondary school students, building digital literacy and foundational technical skills
- Supported curriculum and academic programme development, contributing to school improvement initiatives
- Demonstrated leadership, structured communication, and community engagement through national service commitments

Relevance: Highlights communication, programme delivery, and mentoring ability valuable in technical teams requiring training, documentation, and stakeholder engagement.

Product Design Intern

May 2023 – December 2023

International Organization of Tijaniyya Brothers (IOTB), Nigeria

- Designed responsive web and mobile user interfaces in Figma, maintaining visual consistency and usability across platforms
- Produced wireframes and interactive prototypes to communicate design concepts clearly to stakeholders and development teams
- Conducted usability testing and iterated on designs based on user feedback to improve overall user experience
- Collaborated cross-functionally with developers to ensure accurate and faithful implementation of approved design specifications

Relevance: Practical, end-to-end product design experience across research, prototyping, and delivery directly applicable to UI/UX and product design roles.

Network Security Intern

September 2021 – March 2022

National Identity Management Commission (NIMC), Nigeria

- Managed software installations, configurations, and system updates to maintain stable operations across all departments
- Performed routine hardware and software maintenance to sustain consistent system availability organisation-wide
- Installed LAN infrastructure and configured network devices and communication protocols to ensure stable and secure connectivity

Relevance: Hands-on exposure to network infrastructure, system administration, and IT operations, supporting roles requiring hardware, networking, and security knowledge.

Cyber Security Intern

December 2019 – March 2020

National Information Technology Development Agency (NITDA), Nigeria

- Assisted in hardware maintenance and repair operations to ensure optimal computer system performance across the agency
- Supported software installations, configurations, and updates within a large-scale government IT environment
- Reviewed IT operations and produced structured reports with actionable recommendations for process and performance improvements

Relevance: Foundation in cybersecurity practices, IT operations review, and analytical reporting, applicable to technical support and security-oriented roles.

EDUCATION

Higher National Diploma (HND), Computer Science

September 2024

Kaduna Polytechnic, Kaduna, Nigeria

- Second Class Upper (Upper Credit)

National Diploma (ND), Computer Science

October 2021

Kaduna Polytechnic, Kaduna, Nigeria

CERTIFICATIONS

- Product Design – International Organization of Tijaniyya Brothers (IOTB) | 2023

SKILLS

Product & UX Design

UI/UX Design · User Research · Wireframing & Prototyping · Visual Design · Interaction Design · Usability Testing · User-Centered Design · Mobile App Design · Fintech Product Design · Design Specification Documentation

IT, Networking & Security

Computer Networking · Network Security · LAN Installation & Configuration · Hardware Maintenance & Repair · Software Installation & Configuration · System Administration · IT Operations Review

Tools & Platforms

Figma · Microsoft Office Suite (Word · Excel · PowerPoint) · Python (basic)
